

# INTERNATIONAL STUDIES

## Real Opportunities

The world is at your door.

*Are you ready to answer?*

With a major in international studies, you will study a range of global events and processes. International Studies is the study of the world through a range of perspectives. It is an interdisciplinary program, so after Introduction to International Studies, you will be able to take classes across the departments. Focus on what interests you whether it is Latin America or Asia, political science or languages, history, arts, or social relations. You get to fine-tune your own coursework. Come explore with us!

## International Studies prepares you for careers in

**Humanitarian & Relief Organizations**

**Business & Trade**  
(including sales & finance)

**International Security**

**Public Health**

**Higher Education**

**Teaching Abroad**

► Parkside students participated in Service Learning Study Abroad in Cambodia, focusing on water health and hygiene. They tested levels of arsenic in water, helped to build water tanks for an elementary school as well as for families, and had astounding cross-cultural experiences.

## Your Parkside Experience

- Opportunities for Study Abroad with Parkside faculty, working with communities
- Small class sizes promote faculty interaction
- Doing your own research in your senior year
- Active International Studies Club
- Certificates in Global Skills or a Minor/Certificate in Asian Studies

UNIVERSITY OF
